Notions: Yarn needle, size F crochet hook.

Weaving instructions: Weave 57 squares doubling the yarn (using two strands together as one). Weave 28 squares single stranded.

Assembly: Arrange the squares of single and double strand squares according to the layout diagram. Join the squares using a whipstitch. To stabilize the edges of the shawl, crochet two rows of single crochet in the loops around the outside edges of the shawl. Use a size F crochet hook or a size necessary to keep the edge from drawing in or puckering. Sew in all ends. Attach fringe to the short ends of the shawl. Hand wash and block.
